

# IceStone®

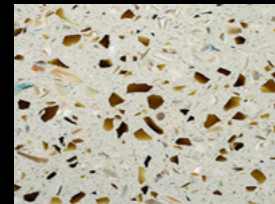

DURABLE SURFACES MADE OF RECYCLED GLASS & CONCRETE

IceStone is made from 100% recycled glass in a cement matrix. It is a Cradle to Cradle Certified™ durable surface. IceStone surfaces are strong, heat-resistant and scratch-resistant. It is fabricated, installed and maintained like granite or marble. Because no petrochemicals or resins are used in its manufacture, it will not fade in direct sunlight. This product offers classic and contemporary styles with 21<sup>st</sup> century intelligence. Whether your project calls for kitchen countertops, or Fireplace surrounds, IceStone offers cutting-edge design and environmental results.

For more information, visit our showroom at 720 West Walnut Street in Johnson City, Tennessee or Contact Steve at 423-722-0460
